Remarks:

Attached is a letter from the Civil Service Commission concerning its report of examination of our hospitalization contract. We see no problem in it, but I would like to start the practice with this particular report of securing the review of our Audit Staff. We are prepared to send letters to the underwriter and an answer back to the Civil Service Commission, copies of which are attached, unless your review indicates that something else should be said.

Please return the attached material to me.

CONTRACT CS-1065

FOR CONTRACT PERIODS

NOVEMBER 1, 1963 THROUGH OCTOBER 31, 1964
AND
NOVEMBER 1, 1964 THROUGH DECEMBER 31, 1965

Background for Examinations

The Government Employees Health Association, an employee organization with headquarters in Washington, D. C., contracted with the U. S. Civil Service Commission under the provisions of the Federal Employees Health Benefits Act of 1959 to provide its members with an indemnity-type health benefits plan. This contract became effective July 1, 1960. The Mutual of Omaha Insurance Company, the Underwriter, through its General Agent performs certain administrative services for the Plan in Washington, D.C.. The accounting reports and the statistical reports are prepared at the Underwriter's Home Office in Omaha, Nebraska. Representatives of the Commission examined accounting statements of the Plan together with the supporting records of the Underwriter and the Underwriter's General Agent covering the two contract periods ended October 31, 1964 and December 31, 1965.

How the Plan Operates

Since the Plan is of the employee organization type, enrollments for benefits are available to all who qualify as members of the Government Employees Health Association. Subscription charges received by the

Association are transmitted to the Underwriter's Home Office at Omaha, Nebraska through its General Agent at Washington, D. C. Enrollees forward all claims for benefits through the Association.

Accounting Statements

The Plan's accounting statements and supporting schedules of administrative charges for the two periods are incorporated herein as Exhibits A and B, each with supporting Schedule No. I.

Conclusions of the Examination

There was no evidence available to the effect that claims generally had not been adjudicated and paid promptly. The cost systems and the costing principles employed to accumulate the administrative charges of the Underwriter and his General Agent were ascertained generally to be consistent with those used in the prior periods, and their charges were considered to be fairly stated with the following exceptions:
